

Product Description

Korowood™ Chair Rails

BW20

BW30

BW40

Korowood™ Chair Rails are constructed of solid wood with an integrated bumper and are available in a variety of widths. **Korowood** is ideal for installations requiring low to medium protection. All designs meet National Building Code Standards.

Korowood is available in Red Oak or Maple wood, and four finishes:

- Unfinished
- Clear Varnish
- Red Oak Stain
- Cherry Stain

NOTE: Cherry, Ash, Poplar, and Eucalyptus are also available and can be stained to specification.

The integrated bumper is available in a wide selection of colors designed to coordinate with **Korogard®** Wall Protection Products and **Koroseal®** Wallcoverings. Brass-colored retainer is standard. Black and aluminum mill finishes are also available.

For more information on **Korowood** Solid Wood Chair Rails or the **Koroseal** Wall Protection System, call your local **Korogard** distributor or 800-628-0449.

 2. Color: Color to be selected by Architect from manufacturer's standard colors. (BW20, BW40, BW60, BW70, BW80, BW90). Black Only: (BW30, BW50).

PART 3 EXECUTION

3.01 EXAMINATION

Inspect wall surfaces to receive Handrails and Chair Rails. Notify the Architect in writing if wall surfaces are not acceptable. Do not begin installation until unacceptable conditions have been corrected.

3.02 INSTALLATION

- A. Install Chair Rails to walls securely in accordance with manufacturer's written instructions.
- B. Install Chair Rails accurately in location, alignment, and elevation.
- C. Do not install cut lengths of Chair Rails with surface checking, end checking, or other damage.
- D. Do not install Chair Rails with exposed fasteners or wood plugs.
- E. Provide horizontal steel stud back-up in drywall stud cavity to accept fasteners.

3.03 ADJUSTING

Touch up minor damages or blemishes as approved by Architect.

3.04 CLEANING

Clean surfaces in accordance with manufacturer's instructions.
